Property & Specialty Treaty

At Berkley Re UK, we provide expert reinsurance solutions for the unique needs of the Property & Specialty Treaty market. We're committed to helping our clients navigate volatility, optimize capital, and grow sustainably with agile and direct support.

Clarity & Expertise in Property & Specialty Treaty Reinsurance

Property & Specialty Treaty reinsurance at Berkley Re UK represents a strategic combination of Property Treaty and Specialty lines. We are a trusted participant in this evolving landscape, deeply focused on international business. Our expertise is firmly rooted in understanding and serving diverse global territories. We provide comprehensive, detailed information to provide brokers and cedants with the clarity needed to make informed decisions.

Class of Business

Our Property & Specialty Treaty business is effectively an umbrella covering two distinct classes: Property Treaty and Specialty lines. While both operate within the same geographic areas, they address different underlying risks. We are able to deploy significant capacity across these classes.

Property Treaty

This area of coverage includes International Property Treaty Excess of Loss, Proportional, and Stop Loss Reinsurance with a focus on Catastrophe and Risk Excess of Loss.

Specialty

This encompasses non-property classes including Marine, Energy, Cargo, Terrorism, and Composites. We are precise in our appetite for specialty lines, focusing on areas where we can deliver the most value and expertise.

Capacity

We deploy significant capacity, including up to $/€ 75,000,000 for certain lines.
