Global Property Facultative Reinsurance

We deliver market-leading Global Property Facultative Reinsurance for clients seeking expertise and decisive action. We offer tailored solutions that maximize capacity and provide consistent coverage for complex risks worldwide.

Tailored Solutions for Complex Property Risks

The global property landscape presents unique and complex risks requiring highly specialized reinsurance solutions. Berkley Re UK's Global Property Facultative team is composed of experienced and technical underwriters, many with deep local knowledge, dedicated to understanding and addressing these challenges. We are a highly responsive and flexible team, committed to providing superior service and quick turnarounds. We offer comprehensive solutions designed to optimize capacity and ensure consistent coverage for peak property exposures.

Class of Business

Our Global Property Facultative Reinsurance encompasses a broad range of coverages and occupancies, demonstrating our comprehensive appetite.

All Risks

Providing broad protection against various perils.

Fire, Lightning, Explosion, Aircraft Perils Only

Tailored coverage for specific, foundational perils.

All Occupancies Considered

We underwrite a wide array of occupancies, excluding only offshore and underground mining.

Broker and Direct Cedant Facultative

We work through various distribution channels to meet client needs.

Captives

Solutions for captive insurance entities.

Fronted Structures

Expertise in supporting fronted arrangements.

Why Berkley Re UK

Our comprehensive approach to reinsurance is designed to meet the unique needs of our clients and foster mutual success.

About Us

Consistent Coverage

We deliver tailored reinsurance solutions, providing increased capacity and consistent coverage for complex risks. Our center of underwriting excellence provides timely and structured responses, enabling us to listen, ask, and react effectively to our clients' needs.

Collaborating for Success & Building Relationships

We build strong, long-term relationships with our clients and brokers, actively developing and structuring bespoke solutions. This collaboration allows for efficient risk bundling and leverages our underwriting expertise to generate new business pipelines, fostering mutual growth as trusted partners. We invest in understanding their strategic growth ambitions, explaining our underwriting approach, and providing value as a knowledgeable, long-term reinsurer.

Swift Solutions

We prioritize ease of doing business and provide swift responses across all our reinsurance solutions. We're committed to efficient service, enabling our clients and brokers to act quickly and confidently.
